Edgar Fernando Rodriguez Rangel

Full Stack Developer

I am a tech enthusiast who loves to solve problems and work with diverse teams. With 18 months of experience I'm always positive and willing to help.

Front End Developer at Scio Consulting

20/09/2021 · Present · 11 months [Morelia, Mexico] [Web development, SaaS]

RESPONSIBILITIES

- Adapt and improve Figma Designs in React and Angular applications.
- Implement new Features and bug fixing.
- Make the API calls needed for the new features.
- Suggest and maintain the changes in the applications.

KEY ACCOMPLISHMENTS

- Improved the tracking system by increasing the tracking coverage from 60% to 100%, by replacing and adding the new tracking system in Segment.
- Improved the income of the company replacing technologies like Launch darkly for less expensive ones like Firebase Remote Control.
